

Dear future Year 7 students, parents and carers,

I am delighted to introduce myself as your Year 7 form tutor from when you join The Orme Academy in September 2023. My name is Miss Harvey and I am a Science teacher.

As your form tutor, it is my job to support you throughout your school career at The Orme Academy. I will help to ease you through this big transition in your lives from primary to secondary school, something I'm sure some of you are nervous about. I expect a positive learning environment within my form group so I have high expectations of you; I want you to succeed and be the best you can be! Hopefully, together, we can make your time at The Orme Academy, amazing and make the class of 2028 the best it can possibly be.

Enjoy the last week of Year 6 and have an amazing summer break, see you soon in September!

*Miss M Harvey*
